

## **Jean BOURHIS MD PhD**

Prof. Jean Bourhis graduated in Paris as a Medical Doctor (MD) and was board certified in Radiation Oncology. He became Professor of Radiation Oncology at the University of Paris in 1999 and since 2002, he is Head of the Radiation Oncology Department at the Institute Gustave Roussy (Villejuif, France). His clinical activity is focused on Head and Neck Oncology and he has been principal investigator of a number of clinical trials in this field, including several multicentric randomized trials. He coordinated several large scale international collaborative meta-analyses, whose contributions have been recognized worldwide. He is also co-founder and co-chair of the GORTEC group, dedicated to conducting clinical trials in head and neck cancers. Beside his clinical activities, he has a major interest in Laboratory and Translational Research. He spent a year at the Gray Laboratory in London and obtained a PhD in Molecular Oncology in 1992 at the University of Paris. He is currently the Director of a laboratory dedicated to Experimental and Translational Research in Radiation Oncology. Professor Jean Bourhis is also scientific director of the research and development project ARCHADE in Caen on Hadrontherapy (development of a cyclotron for proton and carbon ions acceleration). Recently, Professor Jean Bourhis has been elected as the next President of the European Society for Therapeutic Radiology Oncology (ESTRO)
